

Titok

jewellery – that fits.

Your place of memory becomes a piece of jewellery.

You are at a place significant to you.

Choose a small, interestingly textured surface
at your special location.

It is advisable to choose a surface unlikely
to change considerably with time.

Titok

jewellery – that fits.

Take an imprint according to the instructions
of the "do-it-yourself package".

Titok

jewellery – that fits.

Your imprint is the first step in the creation
of your piece of jewellery.

Titok

jewellery – that fits.

Securely pack the imprint and send it back to us
together with your contact details.

Please send us an e-mail to discuss the type of jewellery
(ring, pendant, etc.), size and shape.

Titok

jewellery – that fits.

A silicone mould is made from your imprint
and your piece of jewellery designed.

A wax model based on the agreed design
is created for casting.

The cast piece is chased and finished.

Titok

jewellery – that fits.

This is your piece of jewellery – patinated.
The patina can be a light to dark brown or black.

Titok

jewellery – that fits.

This is your unique piece of jewellery – brushed.

Titok

jewellery - that fits.

Thanks to the engraved GPS coordinates,
you can visit the spot at any time.

Titok

jewellery - that fits.

That fits.

Titok

jewellery - that fits.
